

# The technology that we use

#### Introduction:

Technology is an enabler of efficiency in the eVidyaloka platform, while the Teachers drive effectiveness in the model. Technology is applied across various elements at eVidyaloka

# Class delivery

Skype (<u>www.skype.com</u>) is the primary software application used for Class delivery. Google Hangout (<u>www.google.com/hangouts</u>) is the alternative software to do the same. Through this – the Audio, Visual (video) and the White/Black board (through Screen sharing) elements of Classroom is achieved

# MyClassroom

## Update and Track session and student updates:

#### What:

- A tool to record session details
- The data to be updated for every session are:
  - Class Status (Completed / Cancelled)
     In case a class is getting cancelled, update the session detail with the reason for cancellation and mark the session as cancelled
     In case the class progresses as per plan, update the below mentioned details and mark the class as completed
  - o Topic Covered
  - Student Attendance
  - o Specific comments, if any

#### Why:

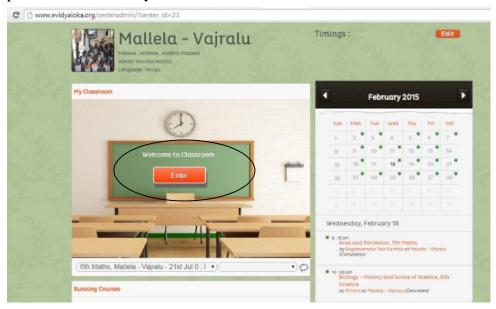

- To keep a track on sessions and know about the progress of your course
- To check on student participation and take appropriate actions wherever needed
- To get a snapshot on number of classes completed and the number of sessions needed to complete the planned topic

How:

## STEPS to Update the Details in "MyClassroom"

• You have to login to the portal ( <a href="www.evidyaloka.org">www.evidyaloka.org</a>) with your username and passwords to view My classroom.

• Class Status:

## A] If class Happened then

- a. **Topic Covered:** Click the dropdown list in Topic Covered box, select the topic taken by you.
- b. **Student Attendance:** Mark the student attendance for each session. Tick the boxes for the students who are present and untick for the students who are absent. (by default all would have marked as present)

- **c. Comments:** You have space for comments where you can share on the highlights, challenges during the class; or express what was taught in class. Eg: in screenshot you can see a comment "Discussed homework problem"
- d. Class Status: After the end of the class, mark it as Completed

### B] If the class is cancelled, then

- Mark the reason for cancellation from the dropdown list provided
- Mention any extra information in the comments section
- Click the 'Cancelled' button to cancel the class

### **NOTE:** The update on where to

- view the student details (grade, gender, age, parents' occupation),
- capture student information (academic, co scholastic, personal)
- track student progress month over month,
- review the class performance on assessments

Will be shared soon.
